

14 Indiana Miners Victims of Blast; Bodies Recovered

17 of Fellow Workmen Emerge Safely by Circuitous Way

Bicknell, Ind., May 23.—(AP)—The bodies of 14 miners killed by an explosion in the Panhandle mine near here were brought to the surface today one by one.

Seventeen other men working in the same level emerged safely from the underground workings by a circuitous 2½ mile route after the explosion last night.

Most of the bodies were burned badly. Mothers, wives and children had been waiting since the explosion broke into sobbing as rescuers brought out the bodies.

The dead:

Virgil Sager, 30, of Freelandville.

Charles W. Harrington, 47, of near Bicknell.

E. R. Cole, 48, of Vincennes.

James M. Smith, 65, of near Bicknell.

Richard Smith, 41; Dewey Stinnett, Maurice Taburiaux, 40; Floyd Harper, 30; Charles Osborn, 30; Charles Wright, 38; Wilbert Redmond, 24; Charles B. May, 50; F. M. Vincent, 47, and Arthur Gourdoze, 44, all of Bicknell.

Debris Hampered Rescues

Jack Ogilvie of Bicknell, in charge of the mine rescue squad, expressed belief gas or a mixture of gas and dust became ignited in some manner. He said part of the level was damaged badly, with timbers and other debris hampering rescue work.

The rescuers, aided by oxygen masks, brought out the bodies of Wright and James Smith of the surface soon after the explosion. They were not burned. Rescues had to wait for the gas to clear before being able to reach the others.

Charles Messel, a miner working on the same vein but 1,000 feet away, said he and the men around him didn't realize what had happened as no blasting was scheduled for last night.

Motorman Benny Hughes then saw smoke rolling down the level and the group started for the shaft. Fumes and coal dust became so thick they had to turn off to one side and follow a long 2½ mile route to the opening.

"Dust flew up in front of us and our eardrums thumped," said Loader Quince Hardesty. "It was like walking through hell's half acre to get out."

Closing Time Near

The blast occurred 325 feet below the surface at 9:10 p. m. (C. S. T.) last night, only an hour and 50 minutes before the mine was scheduled to close for the night.

The scene of the blast was in the fifth vein, the lower of two levels in the third and fourth west side entries off the main south entry. This is about 2,000 feet from the main shaft. The men were loading coal at the time of the explosion.

Robert English of Bicknell, who was at work on the same level a mile from the blast, said that the blast "felt just like a big puff of air. It deafened us for a while. We couldn't even hear the cutting machine." Thirty-one men were in the mine when the blast occurred.

Wives and children of miners, many in night clothing, gathered around the mine tipples during the night, waiting silently for word from rescue workers.

Ship Seizure Bill Terms Agreed on

Washington, May 23.—(AP)—A joint senate-house conference committee agreed today on legislation permitting the government to take over 80-odd foreign ships now lying idle in American harbors.

Only final approval of the compromise between senate and house versions by both houses is necessary to send the bill to the White House.

The conference group accepted several minor senate amendments and wrote new language for a senate provision providing that this government could acquire foreign ships only by purchase when they were actually owned by foreign governments.

The revised provision provides that ships can be taken over only by purchase or charter if the Maritime Commission finds they actually were owned by a foreign government at the outbreak of the war, September 3, 1939.

Any money paid for such vessels would be retained in the treasury for possible application to any debt owed the United States.

Senator Bailey (D-N.C.), chairman of the conference group, said he understood only two vessels now in American waters were owned by foreign governments—an Italian tanker and a small Danish training ship.

Tourists Injured in Auto Accident on U. S. Route 30

Four tourists were badly cut and bruised in an automobile accident last evening about 5 o'clock on U. S. route 30 about four miles east of its junction with U. S. route 51 in Lee county, the victims being Frank Kublick and wife of Newark, N. J., his uncle, Anthony Horvith of Chicago and niece, Miss Marjorie Drabek of Chicago, were driving west on route 30, en route from Chicago to California to visit relatives.

The wheels on one side of the car slid off the paving when the driver attempted to right the machine, it swerved across the paved slab, rolling over several times and landing in a ditch. Sergeant Edward Mahan of the state police went to the scene of the accident and conducted an investigation. All of the occupants who suffered injuries, were taken to Shabbona, where they received medical attention and returned to Chicago from that place last evening by train. The car, badly damaged, was also taken to Shabbona.

Sterlingite Escapes

Roy J. Larson, 708 Avenue D, Sterling, miraculously escaped with only minor injuries when his car was almost completely demolished in an accident on the Lincoln Highway, two miles west of Dixon about 5 o'clock this morning. Larson was reported to have been driving toward Dixon, when his car left the paving, striking a telephone pole, which was snapped off, and then to have rolled over several times into a ditch.

A passing motorist took Larson back to Sterling and Sergeant Mahan, who investigated the accident, ordered the demolished machine hauled to a local garage.

Sea Near No. America Probable Battleground

London, May 23.—(AP)—Authoritative circles hinted today that waters near the coast of North America probably would become a battleground in the campaign against U-boats.

They said it is believed German undersea raiders are operating much farther west in the Atlantic than a few weeks ago on account of the United States naval patrol.

They added that in recent weeks there had been steady improvement of British escorts for ships crossing the Atlantic with supplies from America.

Statehouse Messenger Under Nine Governors Says Green's Busiest

Springfield, Ill., May 23.—(AP)—Emmett E. Perkins, the man who has filled a thousand scrap books, observed today the 40th anniversary of the beginning of his job as messenger for Illinois governors.

It was May 23, 1901 that he came to the Capitol with the second Governor Richard Yates and took up his post in the statehouse executive office suite. He served as harber for governor Yates. Governor Denen saved himself, but Perkins remained on the executive staff as messenger.

Then, in succession, came Governors Dunne, Lowden and Small, all of whom submitted their beards to Perkins' razor, but he stopped barbering, for good, he says, when Emmerson took office. Governor Emmerson, Horner and Green gave him no chance for practice, and Perkins retired from the executive office during the brief term of Governor Stelle's brief.

Fierce Fight Will Meet Any Effort to Repeal Neutrality

Senate Foes of Help-to- Britain Policy Prom- ise Battle

Washington, May 23.—(AP)—Condemning Secretaries Stimson and Knox for their sharp criticism of the neutrality act, senate opponents of administration foreign policy gave advance notice today that they would make a vigorous, last-ditch fight against any effort to repeal the present law.

"The fight against the administration's lease-lend bill will look like a pretty tame affair compared with what will ensue after any effort to repeal the neutrality act," said Senator Nye (R-Ind.).

"While the administration thus far has found difficulty in inviting an incident challenging us into war, it would have a much easier task without the neutrality law."

Nye said that President Roosevelt had "praised the act at the time it was passed as a larger measure of security against our involvement in war." The act, he added, "has kept us out of this war so far despite the well-known impatience of the Knoxes and Stimsones to get into war."

Stimson declared yesterday that the act violated "our most sacred and important tradition of foreign policy—freedom of the seas." Knox previously called the law a "terrible blunder." Both said they were speaking as individuals.

Senator Wheeler (D-Mont.), like Nye a leading opponent of the aid-to-Britain program, asserted that repeal of the act would mean sending American ships into war zones and that such a step would mean war.

Wheeler sees no chance.

"There is not the slightest chance," he added, "that congress will repeal the neutrality act at this time."

From Chairman George (D-Ga.) of the senate foreign relations committee came a statement that he had not been approached by any administration spokesmen with suggestions for repeal of the neutrality law.

The neutrality act forbids American ships and citizens from venturing into combat zones designated by the president, and also bars American loans and credits (other than short term convenience credits) to belligerents. Originally it had forbidden sale of munitions to any belligerent, but this latter was repealed at the ad-

Water Co. Appeals to Supreme Court

Springfield, Ill., May 23.—(AP)—Dixon Water Company asked the Illinois Supreme Court today for permission to join two other utility companies in seeking a rehearing on the court's recent opinion permitting municipalities to bar utilities from operation within city limits after franchises have expired.

The motion to intervene was presented for filing with the court by Henry C. Warner, president of the Dixon Water Company, who said that the water company was affected by the decision because its franchise expired in 1933.

Urging reversal of the decision, Warner's petition said that "under the filed decision at the Dixon Water Company is a trespasser, or at best a licensee at the sufferance of the City of Dixon."

The case on which the court ruled upheld the villages of Geneseo and Heyworth, which ordered the Illinois Northern Utilities Co. and the Central Illinois Electric & Gas Co., to remove their power lines and other equipment from city streets after their franchises expired.

A physician was summoned and the resuscitator squad from the fire department was called, but the services of the latter were not required when the physician discovered that Egler had suffered a stroke which affected his entire right side. He was removed to the hospital and while he remained unconscious, his condition was unchanged today.

Will H. Egler Suffers Stroke While at Work

Will H. Egler, 92, Second street, was reported to be in a serious condition at the Katherine Shaw Betha hospital today, the result of a severe stroke which he suffered some time yesterday afternoon, while making repairs to his car in a garage in the rear of the Finkler store. He was found about 3 o'clock lying on the floor of the garage in an unconscious condition by a neighbor.

A physician was summoned and the resuscitator squad from the fire department was called, but the services of the latter were not required when the physician discovered that Egler had suffered a stroke which affected his entire right side. He was removed to the hospital and while he remained unconscious, his condition was unchanged today.

Labor Polls Ordered In Five of IHC Plants

Chicago, May 24.—(AP)—Elections to determine collective bargaining representation for employees of five International Harvester Company plants have been ordered by the National Labor Relations Board in Washington, the regional office of the board said today.

The dates for the elections and arrangements for their conduct will be worked out at a conference of interested parties, the board office said. The Washington order provided that the elections must be held within 30 days from May 22.

Plants in the jurisdiction of the regional office at which bargaining representation will be voted upon are McCormick and West Pullman works in the Chicago area, and those at East Moline, Rock Island, and Rock Falls, Ill.

Germans Get Foothold in Crete, Command Air

With the R. A. F. withdrawn from Crete because of lack of suitable airports, the Germans have command of the air, but the British fleet is reported to be blasting convoys attempting to bring aid to German glider and 'chute troops already entrenched on the historic isle.

CIO Victorious in Election in Plants of Ford Motor Co.

Detroit, May 23.—(AP)—The United Automobile Workers (C. I. O.), declaring itself "ready to draw a curtain on the past", planned today to begin collective bargaining negotiations "immediately" with the Ford Motor Co., last of the automotive industry's "big three" to come within the union's scope.

All that remained to confirm the U. A. W.-C. I. O. victory in the largest employee election of National Labor Relations Board history was certification by the NLRB at Washington. Frank H. Bowen, NLRB regional director, estimated the "winning" union would be designated in ten days.

Aims of Leaders

R. J. Thomas, U. A. W.-C. I. O. president, said that in addition to "adequate recognition", the union would seek a 10-cent hourly wage boost, "a system of seniority to govern layoffs and rehiring" and "vacations with pay."

Harry H. Bennett, Ford personnel director, termed the vote "a great victory for the Communist party, Gov. Murray Wagoner and the National Labor Relations Board."

"The law provides that we must live with them, and we never violate the law," he added.

Final unofficial figures gave the union almost 70 per cent of the Rouge plant vote and more than 73 per cent of the Lincoln plant vote.

Itemized

Springfield, Ill., May 23.—(AP)—Attorney General George F. Barrett ruled today that county officers preparing annual financial statements for publication must publish details "fully itemized in detail" rather than summaries. The opinion was asked by State's Attorney Mastin E. Buck of McLeansboro.

Trend of Crete Fighting Turns Toward British

The War Today!

By DEWITT MACKENZIE
(Telegraph Special News Service)

The Battle of Crete, which presents a new phase of war so fantastic that it has existed heretofore only in the imaginations of romancers, is giving us an unforgettable picture of the armed conflict of the future—the immediate future—for the air will play an increasingly vital part in the European conflict until the end.

That point is worth emphasis for, as this column has pointed out before, I believe the decision in the great engagement of the Near East which is now opening up will depend in no small degree on the air, indeed, aerial operations may prove to be the decisive factor.

Whatever may be the outcome of this daring Nazi descent from the clouds into the enemy camp on the mountainous Isle of Crete, Hitler has demonstrated that this form of attack is practicable. Thus it is bound to form a powerful weapon of offense from now on, and it is notable that Germany is the only nation thus far fully equipped to wage this new type of war.

French Commander and 200 Volunteers Desert To British

Damascus, Syria, May 23.—(AP)—A French commander and 200 volunteer soldiers have deserted to the British in Palestine and Trans-Jordan after a fight with frontier guards in which a few were killed and wounded on both sides, it was announced officially tonight.

The commander was Colonel Collet.

Authorities denied, however, that any DeGaullist (Free French) troops had entered Syria or that regular French troops in Syria under General Henri Dentz were retreating. Such reports had been broadcast by the DeGaullists from Equatorial Africa.

There also may be a double purpose in the British bombardment of the Nazi column in Africa, Allied Commander-in-Chief Wavell may be ready to inaugurate a land offensive against the axis forces which are standing close to the Egyptian border, ready for a thrust towards the great naval base of Alexandria and the Suez canal. As the chessmen sit on the board now, that would seem to be General Wavell's next move.

With the swelling of the conflict in the Near East, French-mandated Syria has become a point of vast importance to both sides in the conquest. The first belligerent to occupy Syria with military forces will have secured a key position.

Victim of Runaway Seriously Injured

Charles Albright, 68, who lives two miles west of Dixon on the middle road, was seriously injured in a runaway accident Thursday in which he is believed to have suffered a broken neck. He was to submit to an x-ray examination at the Dixon public hospital today.

The victim of the accident was driving a team hitched to a corn planter, and was going to the farm of a neighbor to assist in planting corn, when the team became frightened and ran away. He was thrown from the wagon and landed on his back in the roadway. Harry Otto and Harry McGinnis, neighbors, who witnessed the accident and who were to assist the victim in planting corn, carried Albright to the latter's home where a physician was summoned. After an investigation the victim was removed to the hospital.

Cold Air Mass, Moving Eastward from Rockies, Is Welcome Relief

Chicago, May 23.—(AP)—A cold air mass, moving eastward from the Rocky Mountain area, brought lowered temperatures today to most sections of the Central States region.

The cool winds, clashing with hot and humid weather, touched off heavy rains and other disturbances in some sections yesterday, bringing scattered reports of property damage.

Lower temperatures were expected to prevail, at least until late Saturday, in Illinois, Indiana, Wisconsin, Michigan and Iowa. It was a welcome relief, too, for in many localities of those states the heat had been oppressive. Ft. Wayne and Evansville, Ind., had highs of 91 yesterday. Other maxima included Indianapolis, 90; Detroit, 89; Springfield, Ill., 89 and Peoria, 83.

The "much cooler" weather predicted for southern Illinois would be preceded, the weatherman said, by showers and thunderstorms which drenched Bloomington, Ill., yesterday with a 1.5-inch fall in less than an hour.

Chicago's high of 85 degrees yesterday was cracked by a sudden thunderstorm. Four persons on a golf course were injured when lightning struck a tree under which they had sought shelter.

Several buildings were struck in the city and the downpour was so heavy that traffic on the outer drive in Jackson park was brought to a temporary standstill.

In the storm at Bloomington, thousands of dollars in damage was done when greenhouse glass panes and windows in some 500 homes were smashed by hailstones, described, in some instances, as large as baseballs.

In one section of the city a brick smokestack toppled onto a green-

Claim Decisive Edge Gained Over Nazis

By The Associated Press

British anti-aircraft gunners were reported today to have shot down at least 16 German Junkers troop transports in the first three days of the 4-day-old Battle of Crete, and the British further reported that allied defenders of the island have now gained a definite edge over the Nazi aerial invaders.

The bigger-type German Focke-Wulf transports carry from 50 to 75 men each. The Junkers planes are somewhat smaller.

The fiercest fighting in the conflict was said to be developing around the Malemi airport, 10 miles south of Canea, the Crete capital.

British headquarters said Nazi air-borne detachments at Candia, in central Crete, and at Retimo, about halfway between Candia and Canea, had been accounted for—killed or taken prisoner—in bitter hand-to-hand fighting.

Prime Minister Winston Churchill reported yesterday that the Germans had occupied Candia, the old-time capital of Crete and largest island city.

Military sources in Cairo, headquarters of the British Middle East command, said British naval guns were shattering German attempts to land troops by sea.

Slow Turn Toward Allies

In the Mediterranean sea itself, the British said, the Germans had gained only a single "decent" foothold in the Malemi sector. Elsewhere, the trend was pictured as slowly turning to Britain's advantage despite new swarms of Nazi 'chutists and other aerial troops dropping from the clouds.

As long as the British fleet can ward off sea-borne landings, it was said, there is a chance that the invasion will fail.

Virginio Gayda, fascist editor, said in the Rome newspaper Il Giornale d'Italia that the British warships engaged in the defense of Crete included at least five big battleships, two aircraft carriers and a powerful group of cruisers and destroyers.

Germans Claim Sea Success

DNE, official German news agency, asserted that three more British destroyers and five speedboats were sunk and two other destroyers damaged by Nazi warplanes today, and that two cruisers were left aflame by bomb hits.

Despite the fact that Crete is now undefended by fighting planes, at the mercy of incessant bombing by the Luftwaffe, the BBC reported that Greece's King George II still was on the island.

A London spokesman described the British position as being "certainly as satisfactory as it was 24 hours ago."

Cairo dispatches said crowded boatloads of Nazi troops trying to reach Crete had been "blasted to bits" by British naval guns amid a developing battle between the British fleet and the German Luftwaffe's Stuka dive-bombers.

Heavy damage was said to have inflicted on a 30-boat axis convoy.

French Tanker Is Seized by British

London, May 23.—(AP)—Great Britain seized the French tanker Sheherazade "because of the imminence of a definite break in the relations between Great Britain and Vichy," a ministry of economic warfare spokesman declared today.

The spokesman said "irrefutable proof that supplies now are reaching Germany through unoccupied France and French possessions" also was a reason for British seizure of the 13,467-ton vessel.

He added:

"While it is inaccurate to state that seizure of the Sheherazade was made with the approval of the United States government, she nevertheless carried a number of American extra-consular officials whose duty it would have been to insure that when the ship reached port none of her cargo would be transferred from French territory to German hands."

"The Sheherazade was bound for Casablanca (French Morocco) and United States officials would have had to see that her cargo was consumed on the spot."

"Britain has by this interception not only acquired some 15,000 tons of oil but if the ship is held will have at her disposal one of the finest and fastest oil tankers in the world."

Reports yesterday said the vessel carried a cargo of oil from the United States and that the seizure was made with the full consent of Washington.

Dixon Contractors Prepare and Equip Myers-Nolan Store

The store building housing the new Myers & Nolan clothing store which opens tomorrow has been entirely redecorated to make one of the most attractive stores in Dixon.

Most of the credit is due to local businesses which have combined to bring about this result. General contractor for this work was George Christianson.

Attractive walnut finish store fixtures were secured from the Myer Fixture Co., Rockford. All electrical fixtures and wiring came from Cahill Electric Shop. Painting was under the supervision of Lester Messner.

Building material, which consisted of the popular and attractive Nu-Wood, was secured through the Wilbur Lumber Co. and the linoleum floor was laid by Kriem furniture store.

The attractive and pleasing set-up of this store makes it an asset to the business district of Dixon.

Three State Employees Dismissed From Civil Service by Commission

Springfield, Ill., May 23 — (AP)—Three state hospital employees were ordered dismissed from the state service yesterday by the Civil Service Commission after it upheld charges brought against the men by Welfare Director Rodney H. Brandon that they had engaged in "undue political activity".

The three men discharged were William Yonke, attendant at the Manteno state hospital; George Wolner, a plumber, and Ariel B. Lucas, a fireman at the Kankakee state hospital. The commission found that they were pre-judged by the Democratic party in Kankakee county.

Twenty suspended employees of Menard prison and the Illinois Security Hospital were given an opportunity today to interview a state civil service investigating board in connection with their ousters on similar charges of political activity. The hearings were held at the Menard institution.

Dead were sometimes buried in graves 50 to 60 feet deep in the South American countries of Colombia and Ecuador.

Mayor and Legion Commander Appeal to Dixon Citizens

Everyone Urged to Wear
American Legion's
Poppy Tomorrow

Appeals to all patriotic Dixon citizens to wear a poppy tomorrow were made today by Mayor William V. Slothower and Clyde Lenox, commander of Dixon post No. 12 of the American Legion. Describing the poppy as a badge of patriotism, Commander Lenox asked that it be worn by everyone in this city during the annual observance of Poppy Day to show a united front for America.

In his appeal the Legion commander said:

"The poppy is the memorial flower of our comrades who fell in France. We wear it to honor their memory and to aid those who are disabled, their families and the families of the dead. Wearing the poppy is our individual way of showing that we remember and are grateful for the sacrifices made in the cause of patriotism.

"Symbolic of life sacrifice for America, and made by men who have sacrificed health and strength for the country, the memorial poppy is a true badge of patriotism. With our country again facing grave dangers we need to wear the badge and to wear it with sincere devotion to the things for which it stands.

"Therefore, I am appealing to all patriotic citizens of Dixon to join with the American Legion and its Auxiliary in the observance of Poppy Day on Saturday, May 24th by wearing an American Legion Memorial Poppy.

"Remember, every penny goes to aid some needy family of our dead comrades or their disabled comrades' family."

Mayor Slothower added his plea in the following official proclamation:

"The annual Poppy Sale Day sponsored by the American Legion will be with us again, Saturday of this week.

"I know of no cause, more worthy, and none which is more deserving of our whole-hearted support. These poppies, symbols of service and sacrifice to mankind and made by disabled veterans, are sold for the sole benefit of these men.

"Our response to this sale, should, and I am certain will be, most generous."

SETTLED

Mrs. Lyle Karr, Earl Hamer, Miss Anna Bach, Isabel Bach and Miss Frances Rodemier, all of Freeport.

Mr. and Mrs. Chester Deadmond of Dixon spent Wednesday evening visiting her parents, Mr. and Mrs. Louis Wiser.

MR. AND MRS. BEN JACOBS OF AMBOY WILL CELEBRATE THEIR GOLDEN ANNIVERSARY

Sons and daughters, grandchildren and great-grandchildren of Mr. and Mrs. Ben Jacobs will gather at the couple's home on North East avenue in Amboy on Sunday in recognition of the Jacobs' golden wedding anniversary. Open house will be held throughout the afternoon and evening.

Both Mr. and Mrs. Jacobs were born on farms near Javerland, Germany, he on April 9, 1868, and she on Feb. 3, 1870. The couple were married in Pontiac, Ill., on May 25, 1891, the second day after her arrival from the fatherland.

Mr. Jacobs decided to come to America as a youth of 14. Four years were required to accumulate savings necessary to purchase passage for the United States. He arrived in Flanagan, Ill., unable to speak English, and with but \$10 in cash.

He experienced no difficulty in securing employment in Flanagan, a German settlement, where he was hired to haul grain. Five years later, Miss Hannah Lehman, the sweetheart of his boyhood days in Germany, joined him here to become his bride. The couple went to housekeeping on a farm in Livingston county, near Flanagan.

At the end of ten years, the couple moved to Lee county, where they purchased the 240-acre farm they still own. Later, they purchased 230 additional acres near Harmon and resided there until five years ago, when they retired and moved to Amboy. Their two farms are now operated by a son, Onno, who resides near Harmon.

The couple have eight children, three daughters and five sons, all farmers. The children include: Mrs. Elbert Bohn, Lee Center; Mrs. George Knapp, Walton; Mrs. Freida Brown, Amboy; John, Onno, Emil, and Henry Jacobs, Harmon; and George Jacobs, Walton. There are also 17 grandchildren and two great-grandchildren, Judy and Jackie Lee Knapp of Walton.

Since coming to America, Mr.

FIFTIETH YEAR

Mr. and Mrs. Bert Powell will hold open house at their country home east of Polo from 1 to 4 p. m. Sunday in celebration of their golden wedding anniversary. The couple's marriage vows were solemnized May 20, 1891, at the home of the bride's parents, the Harry Courseys.

Three granddaughters of the couple, the Misses Jane Powell, Justine Graybill of Beloit, Wis., and Virginia Powell will assist with the serving at Sunday's reception.

and Mrs. Jacobs have made only one visit to their native land. Sixteen years ago, during the war period, they returned to Germany to visit his mother, Mrs. Ommo Jacobs, then 85, whose death occurred seven years later at 92.

At the time of their visit, Germany was governed by a republic headed by President Von Hindenburg. Taxes were unusually heavy, due to war debts.

"Every two weeks, the citizens had to pay taxes," Mrs. Jacobs says. "If you didn't pay, your property was taken away from you. Women have always worked hard in Germany, going into the fields along with the men. The heavy taxes made life much harder for them after the war."

When Mr. Jacobs came to America as a youth, his passport was to expire within a year after his arrival. He would have been drafted for compulsory military training at 20, but as he was only 18 then and did not return to make his home in Germany, he was never required to serve in the German army. He became naturalized in 1892, the year following the couple's marriage, and both automatically became American citizens, as provided by the legislation of that period.

Aurora Seeks Recovery From Ex-City Treasurer

Aurora, Ill.—(AP)—A suit was on file in Circuit court by the city of Aurora which seeks recovery of \$223,321 from Michael Weiler, Aurora township supervisors and city treasurer from 1921 to 1935. The amount sought represented judgments against the city obtained by holders of special assessment bonds. The city alleged that Weiler, as trustee of the special assessment funds, "com-mingled" such funds with general funds and diverted some of the bond proceeds to general funds.

The civil suit asked an accounting, restitution of losses to the city or a judgment. Weiler's bonding company while he was treasurer, the Fidelity & Casualty Company of New York, also was named as a defendant. The action did not accuse the former official of any criminal wrongdoing or intent.

22 Cases of Infantile Paralysis in Illinois

Springfield, Ill., May 23—(AP)—The number of reported infantile paralysis cases in Illinois this year increased today to 22 with reports of three new cases, one each in Shelby, Champaign and Iroquois counties.

Dr. R. R. Cross, state director of health, said the new cases were the first reported in seven weeks but added "it will be no surprise to have this followed by others, as the total to date for this year is equal to the reports for the same period during the peak epidemic year of 1937."

Incidence of infantile paralysis (poliomyelitis) usually increases sharply at intervals of three to six years, Dr. Cross said, pointing out 779 cases were reported in Illinois in 1937 followed by a slump in 1938 and 1939. Last year the number reported in the state was 583.

Farmers Seek Return of Levies Under Void Tax

Washington—(AP)—Edward E. Kennedy of Kankakee, Ill., vice-president of the National Farmers Processing Tax Recovery Association, appeared before a house agricultural subcommittee in behalf of a bill which would set up procedure for hog producers to seek refunds of amounts paid prior to validation of the hog processing tax.

Kennedy estimated that farmers could not recover more than \$70,000,000 of the \$361,230,000 collected because, he said, many of them lacked documentary evidence.

Lincoln Marker at Lincoln Presented to City by Workers

Will Be Dedicated by Gov. Dwight H. Green At Saturday Fete

Lincoln, Ill., May 23.—(AP)—Labor union men in overalls are giving the Chamber of Commerce boosters a lesson or two in how to promote civic pride in this Illinois corn belt city of 13,000.

Tomorrow will be a holiday in Lincoln and most of its citizens will join with Governor Dwight H. Green in honoring 500 building trades craftsmen who set out three months ago to show that organized labor can do its share in donating time and money for civic betterment.

The ceremonies tomorrow will dedicate the first of a series of gateway monuments, conceived and built without cost to the city by labor union members to honor Abraham Lincoln, who named this city after himself 88 years ago. The town was the only one in the nation to bear the Civil war president's name during his lifetime.

Tom Ryan, plumber who heads the labor union committee that built the first gateway monument, thinks that this project will set an example for labor unions in other parts of the state and nation.

Bricklayers, carpenters, truck drivers and other unionists labored after regular working hours and Saturday's erecting the big stone brick and concrete marker on route 10 at the east entrance to the city.

Our Wounded Don't Cry.....

A writhing flesh-torn form lies bogged in knee-deep mud . . . agony personified only by grim, muting contortions expressed in a jaw-set face . . . the same face a moment before radiated with sincere thoughts of loyalty . . . patriotism . . . democracy . . . knife-piercing pains impelling frantic clenching fists, instinctively grasping for relief as the tenseness of tortured heart beat pulsates with the rhythm of the passing tired, aching feet of his "buddies" on the march.

Today, those same expressive but now unsteady hands, guided by unseeing eyes, give us the blood red poppy . . . their small but effective way of offering a lasting appropriate symbol in reverent respect to those in our many "Flanders Fields" . . . a part of the rehabilitation of our wounded and incapacitated carried forward with heightened morale and faith in confirmed beliefs and righteous ideals . . . an exemplification of the American Way of Life that makes our sister nation's, "despite Coventry and Dunkerque" determination understandable.

MIGHT BE YOU GOING TO WORK NEXT MORNING IN LONDON

This picture of bomb destruction in London isn't as spectacular as some, yet it will come straight home to every man and woman who hears an alarm clock in the morning, gets up and goes to work. It shows working people of London—ranging from stenographers and day laborers to highly-paid executives—making their way along a downtown street after one of the great city's heaviest raids. Terror of bombing and weariness of sleepless nights shows plainly on the faces of these people. But, war or no war, they must get up in the morning and go to work. Just like you and I.

GOOD-LUCK CHARM FAILS THE EVANSVILLE BEES

(By The Associated Press)

That good-luck charm which came the way of the Evansville Bees last Tuesday night failed them when they needed it most.

It was on Tuesday night that the Bees' clubhouse cat gave birth to three kittens—and the Bees went out and defeated the Madison Blues 6 to 5. The players viewed the kitten visitation as a lucky omen and on Wednesday the Blues 7 to 1 behind six hit pitching by Mark Kilmer.

The "charm" held its own last night against the Blues for five innings, but in the sixth Madison scored five runs and went on to a 5 to 0 victory. A win for Evansville would have tightened its hold on third place and given the club a nice boost in the standings, as rain prevented any of the other clubs from seeing action. But the Bees were helpless against Hendrix' two hit pitching.

The standing had Springfield in first place with nine wins and five defeats, followed by Clinton with seven wins and four lost. The Bees were next with nine and seven lost.

CONFERENCE MEET TODAY

Coaches A. C. Bowers and Marvin Winger will take 22 Dixon high school trackmen to Sterling today for the annual North Central conference meet at the stadium. Preliminaries will begin at 4 o'clock with the finals tonight at 8 o'clock. Among Dixon's strongest contenders are Jack Vaughn (hurdles and broad jump) and George Weigle (mile and 880). From around the circuit come reports of other outstanding men who threaten the records. They include Larkin (440 and half mile) Bauer (weights) Edwards (pole vault) all of Mendota, Jack Woodvatt (hurdles), Burdette Steadman high jump, Ridge (100-yard dash), all of Sterling and Frantzen (pole vault), Fleming (sprints), Horton and Miller (hurdles), Kuhn (half mile) Young (410) all of Princeton.

TO ASHTON

Bill Loftus and John Lange went to Ashton today to contact the officers of that community's softball league. The Dixon men hope to enter their United Cigar store team in the Ashton loop for the summer schedule.

GOLFERS BY THE CARLOADS

There will be so many golfers and spectators on the Dixon Country club course Sunday when the intra-city match with Plum Hollow begins that if a player loses a ball he'll have 101 persons to help him find it. The big match was expected to attract about 25-30 golfers from each club, but as the pairings were being made by officials of each club today, it was figured that at least 40 swingers will represent each club. Complete pairings will be published in tomorrow's Telegraph and players are urged to be on the lookout for it.

TIE IS BROKEN

Captain Charles Kelley and his Franklin Grove cribbage team came down from Franklin Grove last evening to engage the city hall quartet in a session and to break the tie score of 400 games each for the past season. Captain Dave Kelly and his city hall associates showed no quarter during the evening and with Kelly and Miller setting the pace, the locals scored a 21 to 11 win for the evening. Chief Craner and Wayne Smith held their opponents to a tie series, leaving the heavy work to Kelly and Miller.

BICYCLE EXCURSION

Adding to the sports events around the neighborhood is the Burlington railroad's plans for a bicycle excursion from Chicago to Oregon on June 15. Dinner will be served at the coliseum at noon after which the cyclists are to ride to the Sinissippi Farm, home of former Governor Frank O. Lowden, south of Oregon. From there they will pedal to Kings where the train will be held on a sidetrack awaiting their arrival.

TRACK MEET OFFICIAL

A. C. Bowers, athletic director of Dixon high school, has been asked to be one of the officials tomorrow at the Illinois Intercollegiate conference track meet at Dekalb. Preliminaries will start in the morning with the finals slated for the afternoon. State Normal is the defending champion.

LEGION TEAM TO PLAY PRACTICE GAME

The Junior American Legion baseball team will play a practice game Sunday morning at 9:30 o'clock. The opponents will probably be a team from Amboy. The committee members are having a hard time picking the team this year as the talent is plentiful. Six boys from Amboy reported last Sunday and are said to have looked "mighty good." They were Joe and Ed McGrath, George Mason, Baldy Reed, Dick Drew and Bob Fortney. The committee hopes to be able to use some of them. All Dixon boys are urged to report Sunday. The team management has not secured any definite playing dates as yet due to the fact that many boys are still playing in high school baseball around the country, but the team is expected to get going on its summer program very soon.

GROCERY BOYS TO PLAY

Dixon's A. & P. softball team will play Sterling here Sunday afternoon and will go to Grand Detour on Sunday, June 1. Last Sunday in a game at Reynolds Field the local grocery boys routed the Rockford A. & P. club, 25 to 20. Manager Snider did the hurling and clouted two home runs.

TRI-COUNTY BASEBALL LEAGUE

Ashton, a member of the Tri-County Baseball league has an open date this week end, while Rochelle plays at Creston. Shabbona at Esmond and Lee at Fairdale. Last Sunday the Rochelle team met the slugging Esmond veterans and lost, 11 to 3. Creston has been experiencing difficulty in finding a diamond on which to play and it is possible that the Sunday game with Rochelle will be played on the Hubs' diamond.

TO WATCH THE CUBS

With the sudden rise in stock in the Chicago Cubs' camp, Dixon fans are beginning to troupe into the Windy City to see the boys perform. After the Cubs' triumphs in their "away" series they should give a good show in the game with Cincinnati on Sunday. Among those from Dixon who will be on hand are Mr. and Mrs. A. V. Lund and Mr. and Mrs. L. C. Shoaf.

NEW MENDOTA COACH

Add to your changes of the coaching positions around the country, the news that Lloyd Doerner, coach at Cissna Park, Ill. for the past six years, has been engaged by the Mendota high school board as head basketball coach to start next year. Doerner will succeed Wesley Heinz who has been in charge of basketball teams for the past five seasons. Heinz will remain at Mendota high school as an instructor. Doerner is a graduate of North Central college at Naperville and also received his master's degree at the University of Wisconsin. He was assistant coach at Naperville one year before going to Cissna Park where his teams won 70 per cent of the games played in the six years he served as cage coach.

SONS OF LEGION ORGANIZE SOFTBALL TEAM

Chairman Earl Pierce of the athletic committee of the Sons of the American Legion, has issued a call for all members of the Sons of the Legion who want to play softball to be at the diamond at the east end of Reynolds Field Sunday morning at 9:30 o'clock. The committee reports that several games have already been booked and they hope a real, live, live team can be developed to match the enthusiasm and the fun experienced by the basketball team of last winter. Several side trips are planned.

UNITED CIGARS TO PRACTICE

Bosses of the United Cigar Store softball team have ordered a practice session for Sunday morning at 10 o'clock at Reynolds Field. Suits will be given out at that time. Among the players already signed to the club are Bus Carlson, Clarence Kelly, Ardell Bugge, Red Flanagan, Charlie Davis, Ray Holland and Joe Murphy. John Lange declares that several positions are still open and invites all interested players to report for a try out.

THEY'RE OUT!

Between 15 and 20 Dixon racing fans attended the program at Sportsman's Park in Chicago yesterday and at least one guy was mighty well pleased with the day's events.

REYNOLDS TEAM OUT TONIGHT

Manager Hi Emmert of the Reynolds Wire softball team has called all players to report tonight at 5:30 at Reynolds Field for another practice session.

BEST EQUIPMENT

Frank Randall reports that the Plum Hollow Golf and Country club is now equal to any in the state with the finest of upkeep equipment. A new five-gang mower for fairways was received yesterday and since last winter a special sprayer has been employed to kill brown rust on the greens.

Plum Hollow Sports Calendar for 1941 is Announced

PROGRAM BEGINS IN MATCH WITH COUNTRY CLUB

Membership is Expected To Reach 200 Peak By June 1

With memberships expected to reach the 200 peak before June 1, a busy season is in prospect for the golfers of Plum Hollow club where the sports committee has just announced the men's calendar for the 1941 program.

In the two years which Frank L. Randall has had the local public course it has flourished under his direction until it is regarded throughout this area as one of the finest and sportiest layouts in the state. With warm weather and plenty of rain, the greens and fairways are now in excellent condition and each week end attracts club-swingers from far and near.

Match With Country Club

Leading off the summer parade of events is the big intra-city match with the Dixon Country club Sunday morning and afternoon. This event, the first in a series of two, will be played over the Country club course and is expected to attract about 40 golfers from each club. A return match is scheduled for the Plum Hollow course in August. In two matches last year the Plum Hollow golfers won each.

Besides many matches with other clubs, the committee at Plum Hollow has planned several events within the club membership. These will include a breakfast match, a club championship tournament, a two-ball foursome for men and a two-ball mixed foursome. High spot of the season will be the "El Goofy" tournament which is planned as "for fun only" and will include several trick arrangements for the players.

About 30 members are expected to participate in all of the matches with other clubs and it has been suggested that all members clip and save for reference the following calendar of events:

Sunday, May 24
Dixon Country club, there.
Sunday, June 15
Prairieville Country club at Sterling.
Sunday, June 22
Mt. Morris Country club, there.
Sunday, June 29

Sports Roundup

By EDDIE BRIETZ

New York, May 23.—(The Special News Service)—The order that has kept Dizzy Dean on the payroll as coach came direct from the office of P. K. Wrigley. Also, Mr. Wrigley refused to sanction a deal for Billy Herman until he was sure the veteran was going to a club with a good chance of getting into the World Series. "Quite a guy, Mr. Wrigley. When Max West and Gene Moore let a fly ball between them the other day in Redland, Casey Stengel stood in front of the dugout where all could see and pasted a piece of adhesive tape across his mouth. West and Moore got the idea right away."

Try This on Your Tie

No two teams in the majors came nearer to a tie in team records last year than Boston and Detroit. Each beat the other 11 times. Boston won six and lost live in Detroit. Detroit won six and lost five in Boston. Each finished with a batting average of .286. But Detroit won the pennant while Boston tied with Chicago for fourth place.

From Near and Far

Mickey Owen must have lost the four-leaf clover his mama sent him to get the Dodgers out of their slump. So far, Joe DiMaggio has made six assists this season, one more than he had all last year. Mike Jacobs was having such a good time in Washington counting up the Baer-Louis advance sale, he didn't come up for last night's Christoforidis-Lesnevich tilt in the Garden.

Personal Column

Wilbur Shaw, three-time winner of the Indianapolis 500-mile race, flew in last night long enough to appear on Major Bowes' amateur hour. Mrs. Bucky Walters went under the knife for appendicitis yesterday in Cincinnati. This is no key-hole column, but while on the subject of ball players and their wives, we may as well report that Mr. and Mrs. Martin Marion (he's the Cardinal shortstop) are expecting. Buster Crabbe, male star of the touring ice follies is toying with the idea of organizing his own water carnival next season.

Today's Guest Star

Howard Roberts, Chicago Daily News: "There was no joy in Flatbush last night. The mighty Casey couldn't strike anybody out. Worse than that, he couldn't get anybody out."

The Big Dispute

Last winter a lot of words were tossed about as to the respective salaries of the Messrs. Bob Feller and Buck Newsom. Right now the chief difference appears to be that Feller is earning his.

WHIRLAWAY IS SCRATCHED FROM PETER PAN HANDICAP

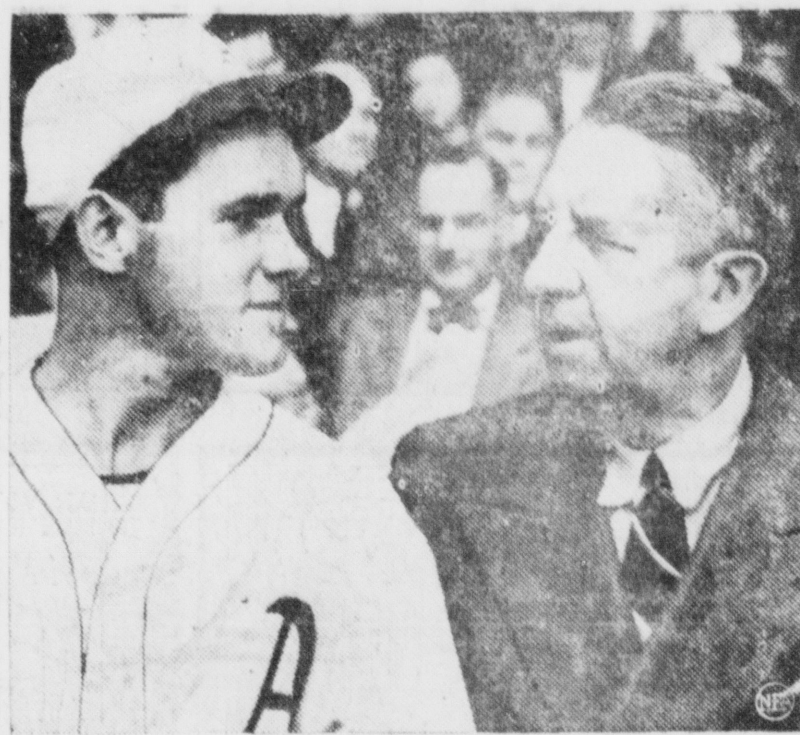

New York, May 23.—(AP)—Whirlaway, winner of the Kentucky Derby and Preakness, was scratched today from the Peter Pan handicap at Belmont Park in which he was slated to meet King Cole, the colt he whipped in the Preakness after trailing the first mile.

Trainer Ben Jones decided to withdraw the three-year-old champion from the mile and eighth 57, 500 race after conferring with Owner Warren Wright this morning. They decided since Eddie Arcaro was not available to pilot the son of Blenheim 2nd, they would not match him against such a speed horse as King Cole, to whom he was asked to give six pounds.

Washington, May 23.—(AP)—Before a somewhat distinguished capital audience tonight, Joe Louis will play another stop on his "farewell tour" of the heavyweight circuit before he puts away the five-ounce gloves and has himself fitted for an army uniform. After tonight's bout with Buddy Baer, which will mark the 17th defense of his title, the Negro heavyweight champion plans to fight about twice more this summer and then see if he can't run himself a commission. He has gained the consent of his managers and plainly is looking forward to his "vacation" from the grind.

CORPORAL STEALS THUNDER FROM LAWSON LITTLE WHO LEADS GOLF TOURNAMENT

By BILL BONI
New York, May 23.—(AP)—Since he is hitting the ball beautifully and putting like a demon, Lawson Little, the National Open Golf champion, by rights should be the leading character in this story, just as he is the leading player going into today's second round of the Goodall Round-Robin tournament.

But just to be contrary, this will be devoted to Acting Corporal Edward Oliver of Fort Dix, N. J. Corporal Oliver is a rotund, moon-faced individual with curly hair, a boyish grin and a genial manner that makes him the best advertisement the U. S. army ever could have put on a golf course. They cast Acting Corporal Oliver in the main match of yesterday's opening round of this four-day circus at the fresh Meadow Country club. From a golfing standpoint he didn't do so well, finishing at the bottom of the list for the day with a score of minus 9 to Little's first-place plus 10.

Most Popular Player

But there wasn't a more popular figure on the course than Acting Corporal Oliver, and while no poll was taken it was obvious that a good portion of the record first-day crowd had turned out for the single purpose of watching him play.

Little's 68 in the first round was a fine demonstration of accurate power hitting and smooth putting. Even with his plus 10 score, though, there still are six rounds to go. In the chief contending positions at the moment are Horton Smith and Jimmy Hines, plus 5; Ben Hogan and Tony Penna, plus 3; Vic Ghezzi, plus 2; and Jug McSpaden, plus 1. But even Oliver, who saw the course for the first time yesterday, still can get in there.

KNACKS PLAY STERLING IN SUNDAY GAME

If the Dixon Knacks didn't get the idea from their victory over the Peru Merchants last Sunday that they can't come too big or too tough now, they may be in for a good season and might just as well start the program with a victory over a Sterling team here Sunday afternoon.

After a miserable showing against the Freeport Stovers in the opening game, the Knacks seemed to have picked up with new pepper and will be out for their second win in three starts at Reynolds field Sunday afternoon.

The opponents are a composite team of Sterling and Round Grove players piloted by Lee Hinrichs, a former pitcher for the Knacks. The player-manager is expected to do the chucking for the visitors.

Locals' Lineup

The Knacks' lineup for Sunday was announced today and the same routine as was used against the Peru club will be employed again. That means Roy Kuhn as left fielder and leadoff man followed by Zera at short, Knauer at first base, Shires Miller in left field, Windmiller at catch, Full at third, Rucker in centerfield, Glesner at second and Keegan on the mound. Reserve players include Wise, a pitcher, and Krug, and utility man. Added to this list the Knacks now have young Jim Devine as a practice hurler who has done much to strengthen the team's batting practice sessions.

Tomorrow afternoon at the usual hour of 2 o'clock the club will have its final brush-up practice at the home field and the Sunday game is scheduled to start at 2:30.

MICHIGAN BEGINS STRETCH DRIVE FOR BASEBALL TITLE

Chicago, May 23.—(AP)—Michigan starts its stretch drive for the Big Ten baseball championship under history-making circumstances tonight.

Night baseball comes to the Western Conference for the first time as the Wolverines meet Purdue in Columbus park at LaFayette, Ind., in the first of two game series. The second will be played Saturday afternoon.

Michigan, with power at the plate and the best fielding nine in the conference, enters tonight's game with a six won, two lost record. Illinois, now second with seven won and four lost, has completed its schedule while the third place team, Iowa, has four games in which to bolster its five won and three lost standing. Michigan will end its season at Northwestern May 29-30.

Wisconsin and Northwestern play today and tomorrow at Evanston as do Ohio State and Notre Dame on the latter's field.

DODGERS ARE IN DOGHOUSE; BUT MAY YET RECOVER

For Few Days Club Was Panicky; Everything Went Wrong

By JUDSON BAILEY

Associated Press Sports Writer
The Brooklyn Dodgers, who paraded into the worst last week pointing arrogantly to their record as 1940's leading road team in the National League and to their six victories in seven games away from home in the east this year, are sinking back to Flatbush today with a string of tin cans tied to their tails.

They're in the doghouse because of losing six straight at Pittsburgh, Chicago and finally St. Louis, where they handed over the circuit lead to the Cardinals. Many of the Dodgers chums are shouting "them bums."

However, the Dodgers may yet live down this debacle, and now is a good time to say a word in their defense.

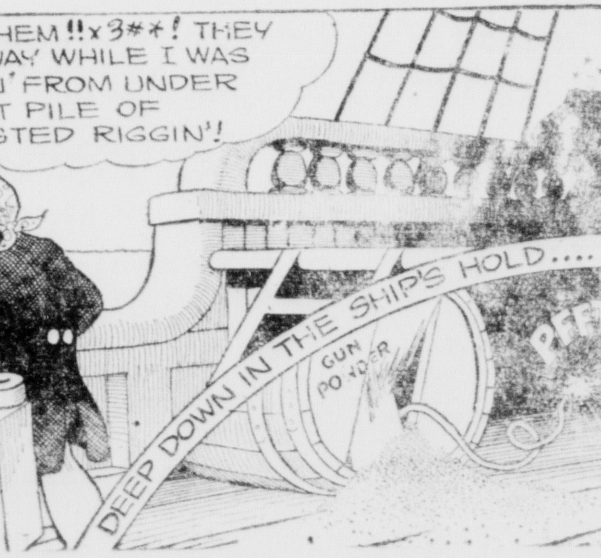

For a few days the whole club was panicky. Everything went wrong and Manager Leo (Lippy) Durocher was as jittery as his players. He changed his batting order, his neckties and his diet daily.

Dodgers Lose Again

The Dodgers lost again, 7-6, but they showed they are not yet cowed. The Redbirds scored all their runs off chubby Hugh Casey in the first five innings, four in the second frame when Don Padgett and Johnny Mihe punched out the home runs. Yet Brooklyn outbatted the Redbirds, 13-11, and went down batting. Dolph Camilli homered in the eighth, and in the ninth the Dodgers hit three doubles and a single to tally three runs and put the tying score on second before succumbing.

This took some gloss off the fifth victory without defeat that was credited to Lon Warneke—and it should show that the Dodgers will have to be reckoned with for some time to come.

The Cincinnati Reds meanwhile took a 6-4 victory from the New York Giants. Ernie Lombardi hit a home run in the first inning with the bases loaded and Frank McCormick pounded his eighth of the season with one on in the third. Big Paul Derringer permitted three home runs among the seven hits he gave the Giants, Mel Ott notching
